An escape from the congestion of the city to a bucolic retreat with views of the nearby countryside, is this lovely 27-acre oasis surrounded by forests, hiking trails and a year-round creek.

The three-bedroom main house and two-bedroom guest house offers the perfect accommodations for any large group. The second guest residence has a separate address perfect for those kids that love their parents so much that they decide never to leave home!

The carefully planned gardens and water features further add to the tranquility of the surrounds. Just north of the settlement of Rosemont, positioned on the Mono / Mulmur border is this very manageable family compound.

Come and live life at Rosemont Ridge, located down a no throughway road, 30 minutes north of Toronto's Pearson Airport.
