One of King's original farms! Superb location with over 1300 ft frontage on Keele Street just north of Aurora Road. Long private driveway leads past gate house to an original stone house. Pond. Rolling hills. Stable and indoor arena which is perfect for horses or car collection!

A very rare offering in a highly desirable area of King. 2 houses, stable, arena. Less than 5 kilometres to Aurora or Newmarket and convenient to major highways and top private schools.

A very special farm with lots of potential to create a working farm, country estate or equestrian facility. Don't miss this AAA location.

The original stone house is one of the very few century stone homes in King. The home provides a blank canvas to create your own dream.

Just under 100 acres. The property can benefit from low taxes due to the Farm Class Tax Rate program.
