

Raven's Head, King

Location: King

Price: \$2,250,000.00

It is hard to imagine better views. The dramatic western views from this property stretch across King Township all the way to the escarpment in Caledon. The house enjoys total privacy on its 34 acre lot with magnificent 30 ft. trees lining the driveway and much of the perimeter of the acreage. Impressive 5+ bedroom Tudor-style home with 3-car garage, tennis court & immaculate stable/workshop building.

The Property

One enters the property down a long private Spruce lined drive. The impressive countryside views become evident when you approach the home. The circular drive leads to the front door or one can bear right down the paved driveway to the barn. On the left is the 3-car attached garage. The 34 acre property is dramatically rolling in nature and there are 2 ponds on the west side of the property which attract wildlife to the lands. To the west of the home is a recently resurfaced tennis court long with a hilltop gazebo with stone terrace.

The Residence

The main residence has 3 finished levels including the walk-out lower level.
