

Sunburst Ridge Farm, King

Acreage: 123 Acres

Price: $7,900,000.00

Sunburst Ridge Farm, King

Sunburst Ridge Farm is a well-known King country property. A beautiful 123 acres property has open rolling fields, woodlands and a crystal-clear swimming pond with pavilion. The 123 west facing acres are divided into 2 lots which allows for another residence to be built. Rarely do these large acreage properties come to market in such prime locations on Keele Street.

The 5 bedroom, 4 bathroom elegant country home has been expanded over the years and now offers 3 finished levels.

Near the home is the restored century bank barn, workshop and coach house. To the west of the residence in the large swimming pond with beach and pavilion.

The property enjoys lower taxation ($7281.56 in 2017) due to the benefits from the Farm Class Tax Rate.
