Den/Office

Alongside the master suite is a large sitting room/office or den with its own private entrance plus double French doors which open into the garden. This bright room has wood floors and a tray ceiling.

Master Suite

The master suite is at the north end of the home and has double closets, new broadloom, a 3 piece bathroom and a kitchenette. The master suite is flooded with natural light given the over-sized windows which overlook the front yard.

Country Kitchen

The kitchen has a breakfast bar and is open to the breakfast eating area and family room. The windows offer western exposure over the front garden. Pocket doors. Walk-out to patio.

Breakfast Room/Family Room

The welcoming family room is off the kitchen and has a fireplace and wood panelling. This large space allows for a combined family room and breakfast room.

Bedroom 2

The second bedroom has a 4-piece en suite bath. The bedroom has new broadloom and double closet.

LOWER LEVEL

The bright lower level has room for 2 additional bedrooms and there is a rough-in for an additional bathroom. Also on this level is the laundry room, utility room and a finished recreation room.
